Publishing

A common
goal to
accelerate
science

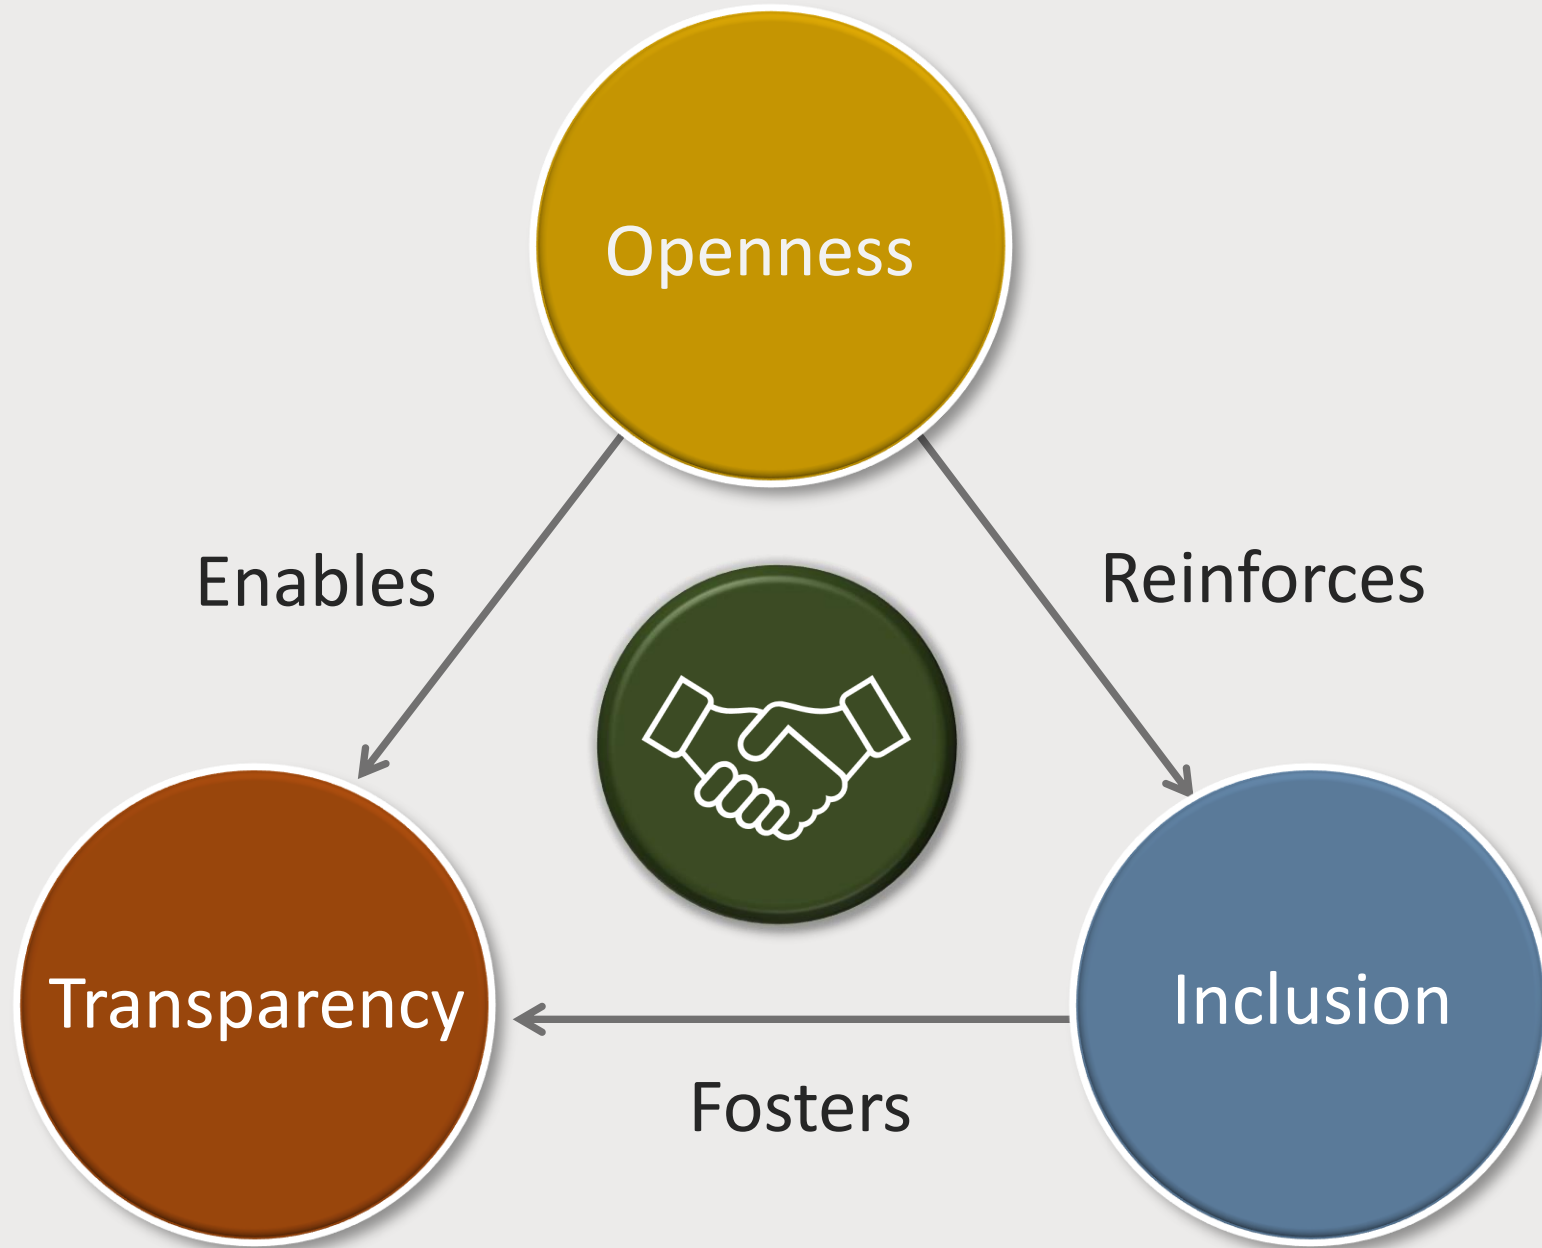

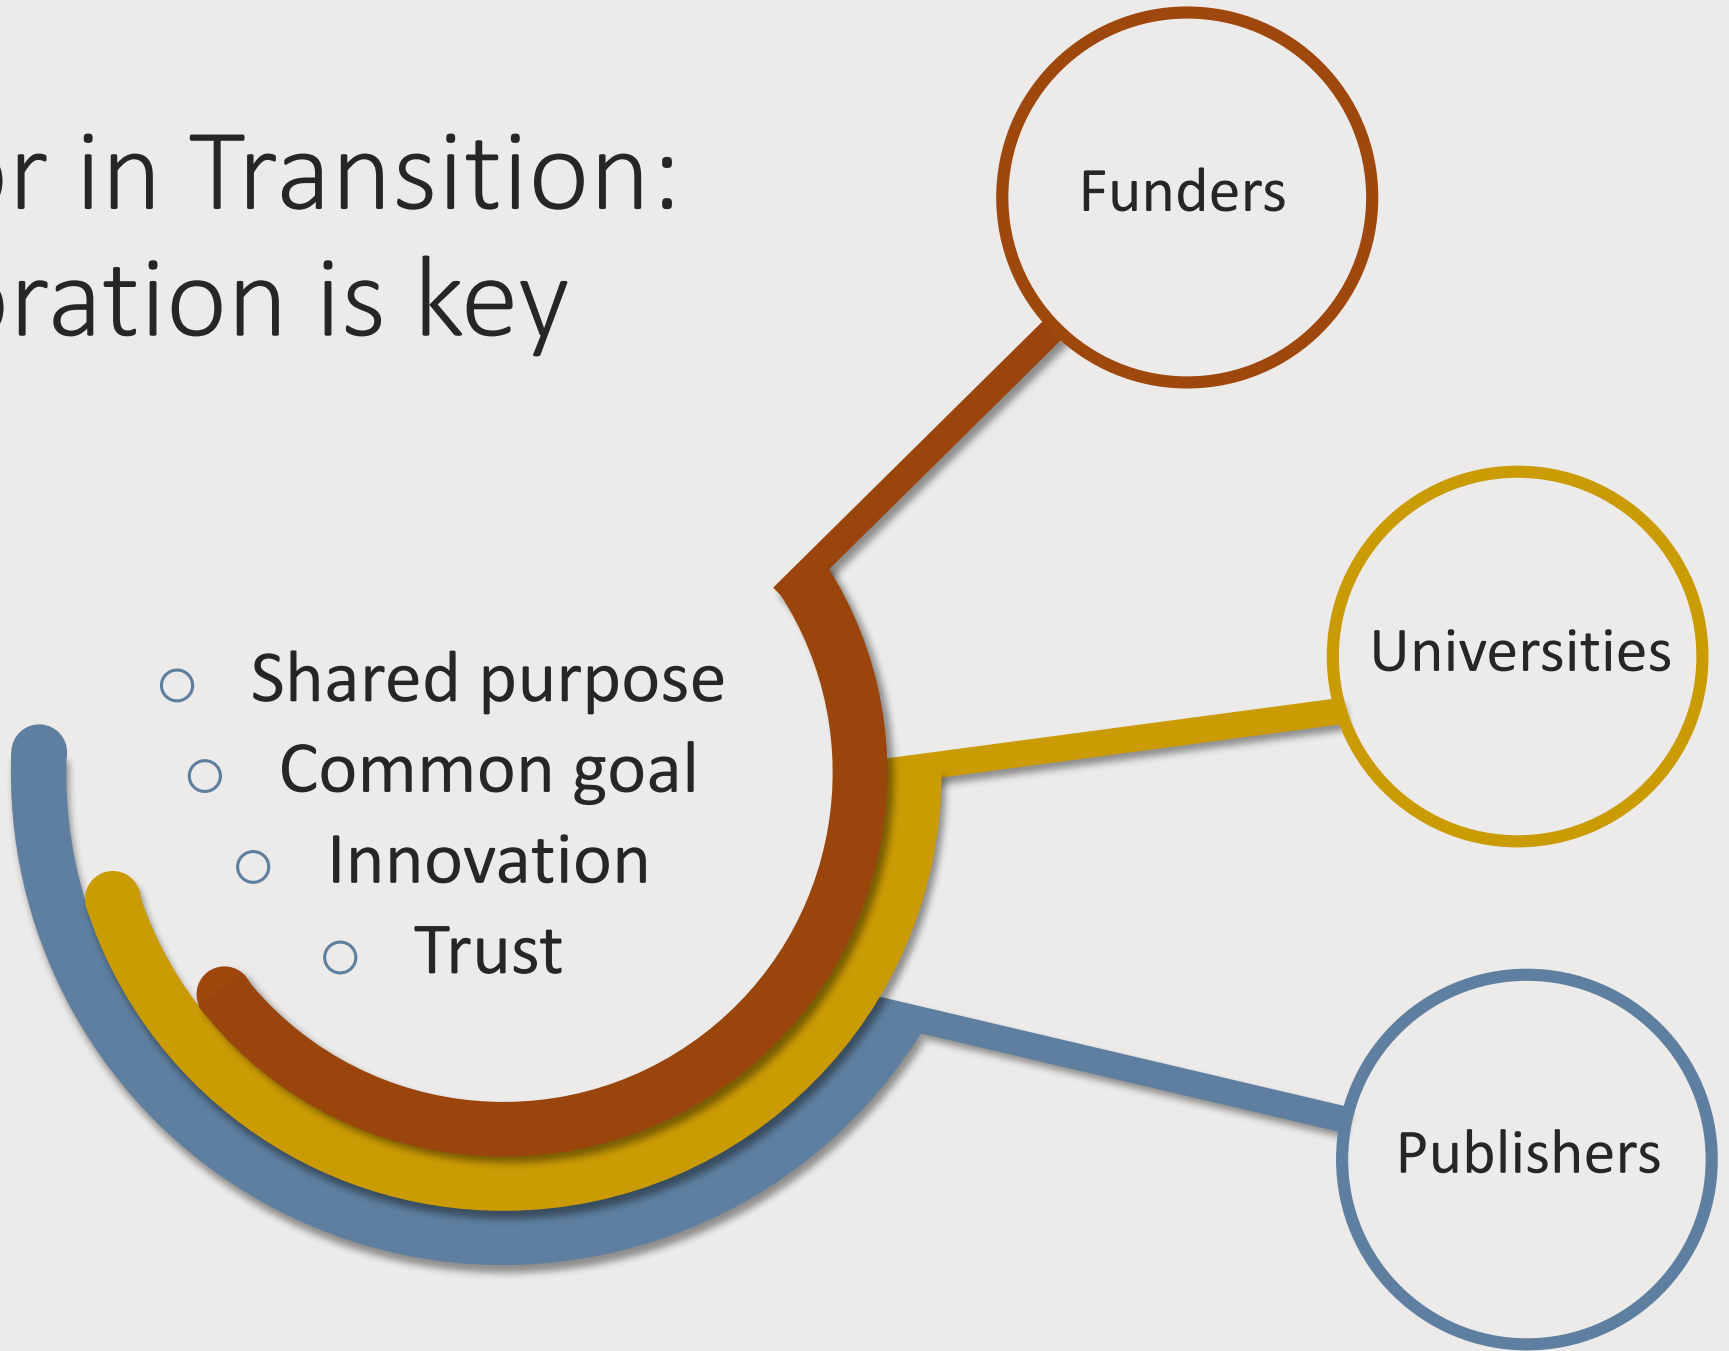

Innovation

- ▶ New models of publishing
- ▶ Alternatives to the version of record
- ▶ Making a wider range of research outputs available
- ▶ Reimagining peer review
- ▶ Fighting scientific fraud
- ▶ Revamping the shared infrastructure
- ▶ Delivering exceptional digital experiences
- ▶ Challenging inequities in the research ecosystem
- ▶ Educating and training the next generation of researchers
- ▶ Accelerating progress to achieving the Sustainable Development Goals

Trust

A Sector in Transition: Collaboration is key
